

nFlow™ CosyFit

Infant nasal CPAP system

Critical Care ▪ Breathing Systems

nFlow™ CosyFit

Designed to care

The smallest patients often need the most care. Safety and comfort are vital to help infants with their earliest steps in life.

A choice for infant CPAP

The Intersurgical nFlow™ system offers a complete care solution for infant CPAP with established 'gas flip' technology, providing a low 'work of breathing' option as an alternative to ventilator CPAP.

The CosyFit bonnet

The CosyFit bonnet makes attaching the generator simple and precise and helps create a secure yet gentle fit for even the most sensitive patients.

Tube support

Lightweight and secure design for easy positioning and adjustment

Bonnet tie

Soft and strong to maintain a comfortable and reliable fit throughout treatment

Bonnet

Available in 12 sizes, the breathable cotton nFlow CosyFit bonnet includes 3 large attachment pads to help ensure a gentle and cosy fit for the smallest to largest patient.

A

A choice of patient interfaces and bonnets

Patient interfaces and CosyFit bonnets are supplied separately to avoid waste. Use the size guide provided to choose the correct option for your patient.

12 bonnets

Available separately in twelve colour-coded sizes. Each CosyFit bonnet includes 3 fixation pads to secure the tube support and bonnet ties.

Patient interface

Masks and prongs are available separately in four size options. Made from soft, comfortable silicone to ensure optimal patient fit with minimal wastage.

B CosyFit bonnets

C Nasal masks

D Nasal prongs
