

Production Capacity

<i>Manufacturing lines and characteristics</i>	<i>Number</i>	<i>Brief description</i>	<i>Capacity</i>	<i>Source¹</i>
Three-phase oil transformers with a power range of up to 450 MVA and nominal voltage up to 420 kV	3	Iron core assembly Winding coil Active part assembly Leads assembly Final assembly Factory Test	Average annual capacity 2 400 – 2 800 MVA	O

<i>Manufacturing line: Three-phase oil transformers with a power range of up to 450 MVA and nominal voltage up to 420 kV</i>	
<i>Manufacturing line information</i>	<i>Name of the plant/workshop: Iron core assembly / Winding coil / Active part assembly / Leads assembly / Final assembly / Factory Test</i>
	<i>Capacity: Average annual capacity 2 400 – 2 800 MVA</i> <i>Year of installation: 2003</i>
<i>Current status</i>	<i>Current commitments: normal service conditions are valid for 30 years</i>
<i>Type of access²</i>	O
<i>Owner³</i>	<i>Name of owner: ETD TRANSFORMÁTORY, a.s.</i>
	<i>Address of owner: Zborovská 54/22, 301 00 Plzeň Czech Republic</i>
	<i>Telephone: +420 373 031 508</i>
	<i>Fax: +420 373 031 388</i> <i>E-mail: etd@etd-bez.cz</i>
