

Dräger Mobile Printer

Mobile Printer

The Dräger Mobile Printer prints breath alcohol and drug test measurement results without using a dedicated power supply. Operates on 4 AA batteries.

Results documentation

Space for your logo and individual text.

Optical interface

Wireless data transmission from the Alcotest® 6810 and Alcotest® 6820 to the Dräger Mobile Printer.

On/Off key

To switch the printer on or off, start paper feed and perform print test.

LED

Three-colour LED and an audible signal, individually or in combination, give a status display.

Power supply

Flexible power supply using conventional or rechargeable NiMH batteries. Easy recharging with same cable used for both devices.

Thermal print technique

Requires no ink cartridges or ribbons. Produces permanent and reliable records.

IR interface

Data transmission from the Alcotest® 7510 and DrugTest® 5000 to the Dräger Mobile Printer.

Open key

For straightforward replacement of paper rolls.

Operating Instructions

Short operating instructions are found on the rear at the instrument, to give a quick and simple reference for those who's use is less frequent.

Benefits

Documenting results

The Dräger Mobile Printer documents measurement results of the Dräger Alcotest® 6810, Dräger Alcotest® 6820, Dräger Alcotest® 7510, and the Dräger DrugTest® 5000.

Wireless data transfer

Wireless data transmission from the Dräger Alcotest 6810 and Alcotest 6820 to Dräger Mobile Printer is via an optical transmission. The Dräger DrugTest® 5000 and the Dräger Alcotest® 7510 utilise an IR interface for data transmission.

Easy operation

The device is operated via a single button. Changing the paper is simple. In addition, the Dräger Mobile Printer uses heat transfer printing technology, eliminating the need for ribbons or ink, ensuring low on-going running costs.

Long-term stable printouts

High-quality, long-term stable thermal paper is used for printouts. The user can select between a paper with a long-term stability of 7 or 25 years.

Flexible power supply

The Dräger Mobile Printer can be run with Alkaline or NiMH batteries.

Data storage

For data storage, the device can be connected to a PC and a keyboard.
