

**TO WHOM IT MAY CONCERN**

**Date: 10/03/2022**

**REFERENCE LETTER**

We at Partnerships for Every Child (P4EC), have had the honor to work with “PROMO PROFIT” and their director Mrs. Galina Golea over the last year having their support in the implementation of a really wide range of our programmes activities linked to the alleviation of the refugee crises.

In 2022, P4EC, with financial support from our donors, have embarked on a mission to help refugee children and their families fleeing the war in Ukraine by ensuring their wellbeing and safety while staying in Moldova or transiting our country.

We wouldn't have succeeded so well in achieving our goals without the professionalism and willingness to step up and help of companies like “PROMO PROFIT”, who have been very prompt and helpful in providing on really short notices at times, high-quality products and services such as training kits, visibility materials and goods. While participating in the tenders launched by us, they have shown a high degree of transparency providing all the needed documentation in due form and also have always respected our requirements and deadlines.

We strongly recommend this company as a highly professional company that will provide their services to the highest standards.

Yours Sincerely,

Daniela Mămăligă,

Director
