Re: QuickProfile™ COVID-19 Antigen Test Card

To whom it may concern:

We, LumiQuick Diagnostics, Inc., hereby state that QuickProfile™ COVID-19 Antigen Test Card and QuickProfile™ COVID-19 Antigen Test Strip detects the Nucleocapsid Protein (N Protein) of SARS-CoV-2 virus. It does not target the Spike Protein (S Protein) of genetic SARS-CoV-2 variants, such as UK N501Y and South Africa E484K Mutation. Therefore, the mutations in the Spike Protein will not affect the detectability of SARS-CoV-2 virus.

We will continually monitor the information regarding to the mutant SARS-CoV-2 strains, and to verify the detectability of each variant as soon as it is available. If you have any questions regarding to our product, please contact us at your convenience.
