Ask your diabetes educator or pharmacist for advice.

TECHNICAL DATA

Intendend use	Insulin pen needles for single use used in medicine are intended for delivery of insulin in conjunction with injection pens.
Product properties	✓ Versatile needles, fit most commonly used insulin pens. ✓ Quality silicone treated needle for smooth penetration. ✓ Thin wall technology to ensure optimal insulin flow. ✓ Sterile, single use and disposable. ✓ Colour coding for easier identification of needle lengths. ✓ Easier twist-off cap design, when discarding the needle.
Shelf life	5 years
Product standard	EN ISO 11608-2:2012
Product classification	Medical Device acc. to MDD 93/42/EEC, class IIa
Quality certificate	EN ISO 13485:2012
