## Peavey Black Powder Puff

Our regular Black Fingerprint Powder in an easy to use 2oz. aerosol spray. Great especially for areas that you don't want to leave a mess. For best results, form a cone with a sheet of paper to contain the powder. Well over 250 sprays or "puffs" per can. Simply follow with a feather or fiber duster for quick development.

## Peavey Magnetic Powders

Magnetic powder is great for rough, grained, or porous surfaces that would otherwise become contaminated with standard powder. Experience less background fill, cleaner prints, and less mess. Magnetic powder is specially made to accept a magnetic charge from an applicator. The powder forms a soft, brush-like cluster to develop the most delicate detail possible.
