CERTIFICATE OF ENVIRONMENTAL CONFORMITY

We herewith certify that all FLOESSER products as

- Automotive lamp bulbs
- Automotive fuses
- Accessories as cigarette lighters and power adapters

are lead free since 2006.

Exceptions are certain H4 bulbs with high wattage, which are permitted to be used for racing and rally purposes only.

Also, neither of our products contain materials like mercury (except HID D2 and D1 bulbs, for which mercury is permitted), nor cadmium, nor hexavalent chromium, nor polybrominated biphenyl, nor polybrominated diphenyl ethers.

As such, all of these products (with exceptions mentioned) are compliant with the EU RoHS directive 2011/65/EU and End of Life Vehicles directive 2000/53/EC and are further allowed to be used and supplied and sold both as OE and as accessory/replacement parts in the aftermarket.

Trier, 15th May 2015

Flösser GmbH & CO KG

Dr. H. O. Flösser, Gen. Manager
