

SOAP DISPENSERS GW04 01 04 01 1.200 ml soap dispenser

Product description

Material: AISI 304 stainless steel
Operation: Manually by pressure
Finish: Brushed
Capacity: 1,2 l
Attached to the wall
Anti-drip valve
Level viewer

Technical specifications:

The vertical soap dispenser with level viewer is entirely made of AISI 304 stainless steel material, with a brushed finish. Product has a plastic coating on the inside, so soap never comes in contact with the steel. The container holds up to 1.200 millilitres of liquid soap. The dispenser is filled by inserting the key into the hole located at the top of the dispenser and pressing until the cover is unlocked and opened for filling. The soap dispenser has an anti-drip valve. The push-button is operated manually by pressure. It is fixed to the wall by means of a support plate in stainless steel using steel direct fixing screws, each of them placed on the corners of the plate. It can be filled with vegetable or synthetic soap. The soap dispenser model is GW04 01 04 01, manufactured by GENWEC WASHROOM S.L. - Av. Joan Carles I, 46-48 - ES 08908 L'Hospitalet de Llobregat - Barcelona (Spain). www.genwec.com.
