National Bank of Moldova
1 Grigore Vieru Avenue
Chisinau, Republic of Moldova

9 June 2021

Dear Sirs,

RE: Public tender - The procurement of an Instant Payments Software Solution - The request for provision of authorizations or a license for the activities offered in response to the tender.

This statement is to confirm that in the field of activity that FIS carries out i.e. providing licenses of software together with maintenance, support and implementation services, FIS is not subject to any general regulation or authorization for those activities which entails a specific license to do so in the U.S. and we are not aware of any such general requirement in Europe. Therefore, FIS would not have any certification or any other official confirmation to provide confirming that FIS is able to undertake such commercial activity.

FIS does maintain various industry specific certifications and it and or its affiliates are regulated in respect of other activities and we have provided other details where they are relevant in our response to National Bank of Moldova.

I trust this provides sufficient explanation in respect of the above requirement.

Yours faithfully,

A handwritten signature in black ink that reads 'J D Ferris'.

James Ferris
Associate General Counsel and Company Secretary
