### **CURRICULUM VITAE**

### **Proposed Position:**

1. Family name:	IONEŢ
2. First names:	ION
3. Date of birth:	January 26, 1954
4. Nationality:	Romanian
5. Civil status:	Married
6. Contact Details (phone number, email address)	+37379556057; iongionet@gmail.com

7. Educa	ntion	
Institution		Department of Sewerage, Institute of Constructions, Sankt-Petersburg, Russia.
Date:	from (month / year): to (month / year):	1989
Degree(s) /	Diploma(s) obtained:	Doctor's degree in technical science,
Institution		Technical University of Moldova, Department of Water Supply and Sewerage
Date:	from (month / year): to (month / year):	1984-1987
Degree(s) /	Diploma(s) obtained:	PhD degree
Institution	•	Technical University of Moldova, faculty of Constructions, specialty Water Supply and Sewerage, Chisinau, Moldova
Date:	from (month / year): to (month / year):	1971-1976
Degree(s) /	Diploma(s) obtained:	Licensed engineer

8. Language skills: (Mark 1 to 5 for competence, 5 being the highest)					
Language	Reading	Speaking	Writing		
Russian	5	5	5		
Romanian	5	5	5		
English					
French	5	3	4		

### 9. Membership in Professional Associations: "Moldova Apă-Canal" Association

### 10. Other skills (e.g. computer literacy, etc.):

Microsoft Office

11. Present position:	11. Years within the firm
Coordinator of "Water Supply and	1980-present
Sewage" Program at Departament of	
Heating, Water and Gas Supply and	
Environmental Protection, Technical	
University of Moldova, Chisinau, Moldova.	

### 12. Key qualifications (relevant to the programme):

Licensed engineer – engineer constructor "Water Supply and Sewage";

Certificate: Doctor's degree in Water Supply and Sewage;

Certificate: Site Manager - works specialized in water, sewage and heating; Certificate: Technical Manager - works specialized in water and sewage.

Country	Date: from (month / year) to (month / year)
Polytechnic Institute,	09/2001 - 12/2001
Bucharest	
Specialized courses in	12/1997
Welding and Execution of	
Polyethylene Network,	
Hungary, DUNAGAZ Rt.  – Institute of Constructions of Sankt-Petersburg	10/1989- 11/1989

14. Professional Experience Record				
Date: from (month / year)	2021 – 202 The "Get Involved" Project- Civic Involvement			
to (month / year)	project in local government, implemented by SKAT Foundations			
Location:	City Chişinau			
Company:	Foundations SKAT			
Position:	Consultant services - expert.			
Description:	Expertise in water and sewerage systems			
Date: from (month / year)	2018 – 2022 (february) Chisinau Water Development			
to (month / year)	Programme - PIU Support			
Location:	City Chişinau			
Company:	Ove Arup and Partners International LTD / iC / hydrophil / Tehno Consortium			
Position:	Site Supervisor			
Description:	Construction of Potable Water and sewage networks.			
Date: from (month / year)	2017-2018 ApaSan (Swiss Water and Sanitation Project			
to (month / year)	Moldova) Phase 2			
Location:	City Floresti: Zăluceni, Vertujeni, Târgul Vertujeni			
Company:	ApaSan			

Position:  Description:  Date: from (month / year)	Technical supervisor.  Construction of Potable Water networks.
•	Construction of Potable Water networks.
Date: from (month / year)	
Date: from (month / year)	
to (month / year)	2016-2017 ApaSan (Swiss Water and Sanitation Project Moldova) Phase 2
Location:	City of Nisporeni, Milestii Mici
Company:	ApaSan
Position:	*
	Consultant services, technical supervisor.  Construction of Potable Water networks.
Description:	Construction of Potable water networks.
	2017 2016 A. G. (G.: W.)
Date: from (month / year)	2015-2016 ApaSan (Swiss Water and Sanitation Project Moldova) Phase 2
to (month / year)	<u> </u>
Location:	City Anenii- Noi, Serpeni
Company:	ApaSan
Position:	Consultant services
Description:	Construction of Potable Water networks.
Date: from (month / year) to (month / year)	2015-2016 Moldova Water Utilities Development Program- Implementing Support. Extension of Potable Water and Wastewater in Soroca.
Location:	City Soroca
Company:	EPTISA Servicios de Ingenieria, S.L.
Position:	Sub-Consultant services.

Contents on the back

### CONTENTS OF THE TRAINING COURSE EUROPEAN ENERGYMANAGER (IHK)

### **Technologies**

- Basics of Energy Management
- · Basic knowledge in the energy field
- Energy efficient buildings
- Sources of thermal energy production
- Heating
- Thermal energy supply systems
- Ventilation and air conditioning
- Cooling technology
- · Compressed air systems
- Lightning
- Electric cars and about Green IT
- Use of Solar energy
- Energy from biomass
- Other types of renewable energy
- Monitoring consumption and energy data
- Profitability
- Contractual relations in the energy sector

### Management

- Energy purchase and trade, energy laws, emission trade
- Project management
- Economy calculation
- Energy management systems (ISO 50.001)
- Energy data management/load management

### Title of the energy concept:

« Energy audit report. Improving the thermal energy consumption of the administrative building of IMSP SR Edinet»

# CERTIFICAT de formare profesională continuă

Eliberată la 28 februarie 2024 Valabilă pînă la 28 februarie 2029 Veacestay SIPITCA

Secretar de stat

### Domeniul (iile):

- 7. Alimentare cu electricitate:
- a) instalații și rețele de tensiune înaltă, transformatoare;
- b) instalații și rețele de tensiune joasă; Exigențele esențiale: A, B, C, D, E, F, G.

#### **CURRICULUM VITAE**

1. Proposed role in the project: Water and Sanitation Engineer 2. Category: Water, Sanitation and Hygiene

3. Staff of (name of firm): Wat San Engineering Ltd

4. Family name: **Bostan** First names: 5. Tudor

Date of birth: October 13, 1982 7. **Nationality:** Moldovan and Romanian

8. Place of Residence: Chisinau

9. Civil status: married, 2 children

10. Education:

Institution (Date from - Date to)	Degree(s) or Diploma(s) obtained:
Technical University of Moldova / Institute of Continuing Education in the Field of Water Supply and Sewerage (July, 2015)	Licensed Engineer in the field of Operation of Water Supply and Sewerage Systems
Technical University of Moldova (July, 2004)	Licensed Engineer in the field of Mechanics

11. Language skills: Indicate competence on a scale of 1 to 5 (1 - excellent; 5 - basic)

Language	Reading	Writing	
Romanian		Mother tongue	!
Russian	1	2	
English	1	1	2

#### 12. Membership of professional bodies:

Member of Community of Practitioners in the Water and Sanitation Sector of the Republic of Moldova (Comunitatea Practicienilor din sectorul de Apă și Sanitație din Republica Moldova)

- 13. Other skills: (e.g. Computer literacy, etc.)
  - excellent knowledge of Microsoft Office
  - using a variety of specialist computer applications, software
  - pump selection programs (Loop4U, Vogel Select, WAPS and others)
- 14. Present position: Consulting Engineer (Water, Sanitation and Hygiene Engineer) /

**Director of Wat San Engineering Ltd** 

- 15. Years within the firm: 9
- 16. Key qualifications:
  - consulting and technical supervision services in the field of water and sanitation;
  - managing tender procedures (technical specifications, ToRs, advertising, evaluation, adjudication);
  - managing implementation of projects, budgets and contracts, service agreements and reports;
  - communicating with clients, contractors, government agencies, local authorities and suppliers;
  - keeping up to date with changes in regulatory legislation, norms and guidelines;
  - supervising construction works on sites, dealing with stakeholders and site workers;
  - providing technical trainings to local operators;
  - managing and maintaining water and sewerage infrastructure operations and maintenance;
  - dealing with water and wastewater laboratories (sampling, monitoring, analysis, report);
  - cooperating with local authorities: Ministry of Environment, Ecological Inspectorate, National Public Health departments, Technical Supervision Agency.

### 17. Specific experience in the region:

Country	Date from - Date to
Moldova	2007-ongoing

#### 18. Other relevant information (e.g., Publications, trainings)

- Licensed Technical Supervisor and Site Engineer
- EUREM 2024 (01-07.2024) European Energy Manager training in accordance with the Moldovan Law on Energy Efficiency on electrical and thermal energy, modern technologies, global energy trends, and economic calculations for energy efficiency measures. The course included both theoretical and practical components.
- INCERCOM technical training courses / technical and professional attestation for the positions of Site Engineer and Technical Supervisor special construction works on Water and Sanitation projects
- Technical Training at Lowara Training Centre (ITT Lowara Ltd Unipersonale, Italy pump manufacturer) on mechanical engineering and pump application engineering concepts; pump fundamentals, / operations/components /types/ installation/ servicing and commissioning of pumps and components; installation and commissioning; failure analysis; customer service
- Project Management in Construction at Europroiect Estate, Bucharest, Romania on basic project management and all the other aspects of project management in construction, as scope, time, scheduling, cost, procurement, risk, communications, quality and safety management
- Planning and Design of Sanitation Systems and Technologies at EAWAG Institute for research, education and expert consulting in aquatic science and technology from Dübendorf, Switzerland. (CLUES, CLTS, compendium of affordable and context-specific / appropriate sanitation solutions & technologies)

### 19. Professional experience:

Date	Location	Company& reference person	Position	Description
from - to		. , , ,		
08/2024 - present	Chisinau Republic of Moldova	Fundația Centrul Moldo- Elvețian pentru Cooperare SKAT (SKAT Foundation)	Consulting Engineer /	"Ma Implic" Phase 2 – Project on civic engagement in local governance, and with the objective to facilitate the implementation of selected local interventions concerning establishment/improvement of the public water supply and sanitation services.  As WASH Component Manager facilitate the hole implementation process of selected local interventions on 4 water supply
	Moidova	"Ma Implic" – Phase 2 –	WASH	projects.
		Project on civic engagement in local governance	Component Manager	As well offering consulting engineering services as technical and consultative expertise of infrastructure construction and/or rehabilitation projects from the areas of water supply and sanitation, management of solid waste, urban planning, street lighting, building and roads infrastructure.
		(SDC funded project)  Matthias Morgner  matthias.morgner@skat.ch		Technical consulting services to undertake a detailed technical documentation of the infrastructure and evaluation of the existing technical designs/documentation, socio-economic and environmental impact assessment to determine the most suitable intervention options for each of the target projects, providing corresponding reports. Technical assistance and capacity building among beneficiaries in technical evaluation, preparation of interventions for investments, ensuring the compliance of projects with the national normative framework (preparing all technical specifications, ToRs for design and construction tenders), thus ensuring cost effective capital investments and efficient use of resources. Before the investment phase, advise the beneficiaries on the best applicable solutions and proposed a set of recommendations for each intervention.  At the Investments stage, closely monitoring of the progress of works and supervision of the infrastructure sites and civil
				works within the target projects in accordance with technical design, contract requirements and the legislation of the Republic of Moldova, including the support of the project beneficiaries in the process of accepting the final works.
08/2021	Chisinau Republic of	Fundația Centrul Moldo- Elvețian pentru Cooperare SKAT (SKAT Foundation)	Consulting Engineer	"Ma Implic" Phase 1 – Project on civic engagement in local governance, and with the objective to facilitate the implementation of selected local interventions concerning establishment/improvement of the public water supply and sanitation services.
11/2023	Moldova	"Ma Implic" Phase 1 – Project on civic engagement in	-	Engineering services to facilitate the implementation of selected local interventions on water supply (7 projects) and sanitation (4 projects), as well as technical and consultative expertise of infrastructure construction and/or rehabilitation projects.
		local governance (SDC funded project)  Matthias Morgner matthias.morgner@skat.ch		Technical consulting services to undertake a detailed technical (documenting WSS infrastructure and evaluating the existing technical designs/documentation), socio-economic and environmental impact assessment to determine the most suitable intervention options for each of the target projects, providing corresponding reports. The Consultant provided technical assistance and build capacities among beneficiaries in technical evaluation, preparation of interventions for investments, ensuring the compliance of projects with the national normative framework (preparing all technical specifications, ToRs for design and construction tenders), thus ensuring cost effective capital investments and efficient use of resources. Before the investment phase, the Consultant advised the project team and the beneficiaries on the best applicable solutions and proposed a set of recommendations for each intervention.  At the Investments stage the technical consulting services were provided to closely monitor the progress of works and supervise infrastructure sites and civil works within the target projects in accordance with technical design, contract requirements and the legislation of the Republic of Moldova, including the support of the project beneficiaries in the process of accepting the final works.
08/2021	Chisinau Republic of Moldova	Fundația Centrul Moldo- Elvețian pentru Cooperare SKAT (SKAT Foundation)	Project Engineer	Integrated water and sanitation in Moldovan villages Project, (ApaSan+), implemented in the Republic of Moldova by SKAT Foundation, funded by the Austrian Development Agency (ADA) with funds of Austrian Development Cooperation (ADC) Engineering services for the coordination of pilot sanitation interventions, including the development and implementation of
02/2024		Integrated water and sanitation in Moldovan villages Project, (ApaSan+)  (ADA funded project)		technically and economically appropriate solutions for rural localities, social institutions (schools, kindergartens), which were based on an initial assessment of the state and conditions of the WASH infrastructure (individual households and social institutions) with the proposal of improved solutions according to the needs, assumed agreements with LPAs and community engagement, documentation and dissemination (nationally), liaising with national and regional agencies for obtaining of permits, needs assessments for the entire cycle of wastewater/fecal sludge treatment and collaboration agreements with
		lulian Isac <u>iulian.isac@int.skat.ch</u>		local and regional operators. Selected tasks assigned related to water supply, sanitation and hygiene (WASH) solution promotion projects, in any phase of the project cycle (planning – implementation – monitoring).

06/2019 - 07/2021	Chisinau Republic of Moldova	Chisinau Water Development Programme  (EBRD / EIB funded project)  Eghert Daniel eghert.daniel@arup.com Leonid Meleca leonid.meleca@arup.com	Resident Engineer	Engineering services for the implementation and supervision of two Contracts / Contractors, regarding the replacement of 115 km existing water distribution networks and branch pipelines to multi-storey buildings in the residential areas located in Chisinau Municipality for Chisinau Water Utility.  Managing the team of Technical Supervisors, ensuring the commitment by Contractors and Subcontractors of all contractual conditions, legislation and norms in force, during the design phase, the construction works - assurance of the quality of the works / materials and of the health and safety conditions on sites, verification and approval of BoQ and payments, as well as during the commissioning, taking-over and defect notification period.
06/2015 - 06/2019	Chisinau Republic of Moldova	Wat San Engineering Ltd reference person for the Clients:  Branch of SKAT Foundation in Moldova / ApaSan, Swiss Water and Sanitation Project in Moldova (SDC / ADA funded project)  Jonathan Hecke, project coordinator jonathan.hecke@apasan.md Florian Klingel, project director florian.klingel@skat.ch	Consulting Engineer, Director Water and Sanitation Specialist	List of main projects implemented in ApaSan Project under my coordination / supervision:  1. Construction of Water Supply Systems for the following villages/projects:  Serpeni, Anenii-Noi rayon  Micleuşeni, Străşeni rayon  Japca, Floreşti rayon  Zăluceni, Tîrgul-Vertiujeni and Vertiujeni, Floreşti rayon  2. Design / Construction of the local (WWTP) waste water treatment plant, including (WWPS) waste water pumping station and main pressure collector for the following villages/projects:  Horodişte, Rezina rayon  Truşeni, Chişinău municipality  Cioreşti, Nisporeni - Sewerage & WWTP system design coordination with a specific phasing / modular implementation approach, depending on financial possibilities / population demand  Tasks:  Coordination of the technical design process in accordance with the good practices and norms in force  Organization and evaluation of tenders. Elaboration of technical specifications and Terms of Reference for procurement of construction materials, construction works and selection of Technical Supervisor  Preparation / coordination of contracts with materials suppliers, construction companies and Technical Supervisor  Monitoring of construction works by regular site visits, verification of the quality of construction works and materials used, compliance with the technical design, the cost estimates documentation, the technology, norms and legislation in force, as well as the activity of the Technical Supervisor, approval of cost estimates and PV of fulfilled works  Organization and preparation of PV/minutes reception at the end of fulfilled works and the Final Reception, including the donation contract and the package of documents for the transmission of the object
05/2015 - 11/2015	Chisinau Republic of Moldova	Chisinau Water Development Programme  (EBRD / EIB funded project)  Eghert Daniel eghert.daniel@arup.com	Consulting Engineer	Engineering services for assessment of 39 underground concrete water reservoirs rehabilitation (500-10 000 m³ capacities), ensuring constructive & hygienic conditions, analysing different available technologies and materials.
09/2017 - 12/2017 10/2018 - 11/2019	Republic of Moldova	German Development Cooperation GIZ Office Chisinau  (GIZ funded project)  Hans-Bernd Kuchta hanns-bernd.kuchta@giz.de Mircea Ursu mircea.ursu@giz.de	Consulting Engineer / Technical Supervisor	<ul> <li>Assessment of 8 deep well rehabilitation, pumping &amp; auxiliary equipment replacement;</li> <li>Assessment of 8 water tower platforms rehabilitation / replacement;</li> <li>Technical Supervision / monitoring the implementation of procurement and installation of 12 submersible borehole pumps and 2 booster sets in the deep wells and Pumping Stations;</li> <li>Technical Supervision / monitoring the implementation of procurement and installation of 8 50 m³ Water Reservoirs (tower type) and relevant equipment;</li> <li>Taking over at the completion of the works.</li> </ul>

12/2016 - 01/2018	Republic of Moldova	UNITED NATIONAL DEVELOPMENT PROGRAMME / MiDL  (UNDP funded project) Ghenadie Ivascenco ghenadie.ivascenco@undp.org Oxana Maciuca oxana.maciuca@undp.org	Consulting Engineer / Technical Supervisor	<ul> <li>Engineering consultancy services for "Edineţ Apa-Canal" and Edinet LPA for the following activities:</li> <li>Analysis of "Energy audit of pumping stations at "Apa-Canal Edinet ";</li> <li>Elaboration of technical documentation (technical specifications and bill of quantities) based on existing document;</li> <li>Technical Supervision / monitoring the implementation of procurement and installation of equipment and machines for 4 Pumping Stations</li> </ul>
01/2012 - 06/2015	Chisinau Republic of Moldova	Branch of SKAT Foundation in Moldova / ApaSan, Swiss Water and Sanitation Project in Moldova  (SDC / ADA funded project)  reference person for the Client  Jonathan Hecke, project coordinator jonathan.hecke@apasan.md  Florian Klingel, project director florian.klingel@skat.ch	Water and Sanitation Specialist / Technical Supervisor	Project title: ApaSan, Swiss Water and Sanitation Project in Moldova In its activities the Swiss ApaSan Project builds on expertise and partnerships established by SDC in the former phases. On that basis the Project:  • Scales up the decentralized water supply service delivery model and works on mobilization and empowerment of the public /private sector and civil society • Promotes innovative sanitation systems (wastewater treatment, institutional/domestic sanitation facilities) • Advocates for consensus among donors and government on feasible models of WES services delivery and for reviewing the national sector strategy  Tasks: • Provide technical support in the field of water supply and sanitation with a focus on decentralized water supply and wastewater management in the ApaSan project • Manage development and implementation of decentralized rural water supply and sanitation services delivery projects • Project Manager for implementation of water supply projects • Preparing tender documentation, technical specifications and bid evaluation reports for procurement of pumping equipment, water meters, pipes, valves and other water supply materials • Participate in projects monitoring and technical support for local operators of ApaSan projects • Assist in researching the effectiveness of constructed wetlands - monitoring of treatment process, technical aspects, identification of problems occurred during exploitation, remediation solutions  List of main projects implemented in ApaSan Project under my coordination / supervision:  1. Construction of Water Supply Systems for the villages/projects Boltun, Nisporeni rayon and Şerpeni, Anenii-Noi  2. Defect notification period / O&M Support of Operators / Monitoring of the efficiency of the local WWTP waste water treatment plant (Constructed Wetland, CW type), including WWPS and main pressure collector for the villages/projects: Rusca, Negrea, Sarata Galbenă (Hincești) and lurceni, Cristești, Drăgușenii Noi (Nisporeni)
12/2010	Republic of Moldova	Water Supply and Sanitation Projects Implementation Unit (World Bank PIU)  Reference person for the Client: Aurelia Samson asamson@water.md	Consulting Engineer	Project title: Elaboration of technical specifications for procurement of water meters and additional accessories for Floresti and Ungheni local water utilities  The objectives of the National Water Supply and Sanitation Program Project for Moldova are: to improve the coverage, quality, efficiency, and sustainability of water and sanitation services in Causeni, Floresti and Ungheni urban and rural communities  Tasks:  1. Elaboration of Technical Specifications for water meters, accessories and required automatic meter reading system  2. Reviewing the list of requested equipment and its technical specifications, estimating budgets, coordinating the final list of equipment with Water Suppliers and PIU.  3. Elaboration of detailed technical specifications for each item separately, assuring an open competition, assuring maximum equipment efficiency, indicating warranty period, required standards quality certificates, estimating budget for procurement of water meters and equipment, including current average market prices, transportation and services, suggesting modifications and technical parameters in order to reduce the budget.

Aurelia Samson asamson@water.md 2. Elaboration efficiency 3. Estimating modification	the list of requested equipment and its general technical specifications, checking the real need for the puipment, estimating budgets, technical specifications for efficient operation of Water Treatment Plants. of detailed technical specifications, assuring an open competition, assuring maximum equipment budget for procurement of laboratory equipment, based on current average market prices, suggesting in the list of equipment and technical parameters in order to reduce the budget.

	ATU Gagauzia;

#### 15.03.2021 - PRESENT

Founder

#### A.O. "DIN DRAGOSTE"

President – Olga Turcuman,

MD-6512, Bulboaca village, Anenii Noi district, 13

Traian street, Tel.: +37360569643, E-Mail:

#### dragostedin@gmail.com Project presentation:

The Public Association "Din Dragoste" implements Din Dragoste projects, which create social cohesion in a clean environment, and this motivation will make all the deeds "De-o Dragoste"

#### Type or sector of activity:

- Culture, youth and sports;
- Education, development and digitalization;
- Agriculture, tourism and environmental protection;
- Urban Planning, Architecture and Construction.

#### **Main responsibilities:**

- Planning, coordination and implementation of projects;

Programs and projects implemented:

#### A. "Art in the Slums" Program

Art in the Slums is a platform for education through art in rural areas and aims to create access to culture where it is lacking, implemented by A.O. " Arta Azi Cultural Project Center", A.O. "Solidarity Roots" and A.O. "Din Dragoste", in partnership with the Local Public Authorities in rural areas, with the financial support of the Ministry of Culture of the Republic of Moldova, the Austrian Development Agency (ADA), the Swiss Agency for Development and Cooperation (SDC), the Federal Government of Germany, represented by the German Embassy in Chisinau, the Danish Refugee Council (DRC) and the partner Local Public Administrations.

Art in the Slums is a rural platform for education through culture, an innovative educational approach, initiated by the Arta Azi Cultural Project Center in partnership with local public authorities from several villages in the Republic of Moldova. The project focuses on cultural activities organized in rural areas, with the participation of professional artists, including: community art residencies, creative workshops, screenings of Moldovan and international documentary films, music concerts

classical, jazz, electronic music, romances and evenings of poetry and contemporary prose. Participation in all project activities is free of charge, thus ensuring access for everyone, regardless of social status. Also, the activities are inclusive, without discriminating against participants on the basis of gender, religious denomination, sexual orientation, political beliefs, etc.

Art in the Slums aims to create and develop a national platform for education through culture in rural areas of the Republic of Moldova, regarding:

- exploration, documentation of the contemporary rural world and enrichment of the local cultural heritage with artistic productions inspired by the recent rural reality;
- facilitating access to culture and contemporary art;
- development of new publications in, education through culture of children, young people and adults

#### B. The "Planting Willows" Project

The "Planting Willows" project, carried out by the Public Association Out of Love in partnership with the "Anton Guzun" Gymnasium Public Institution, the Roscani Gymnasium Public Institution, the "Mihai Eminescu" Theoretical High School, or. Anenii Noi and the Public Association Forest Moldova, within the Small Grants Program "Environment, Adaptation to Climate Change and Ecosystems", implemented by the National Environment Center, with the financial support of the Government of Sweden, represented by the Embassy of Sweden in Chisinau

Thank you all for your support.

C. The project "Sound Equipment for the Public Institution "Anton Guzun" Gymnasium -etc.

#### 30.11.2019 - 30.11.2023

#### **Local Councillor**

#### APL Bulboaca.

Local Council village. Bulboaca

MD - 6512, Bulboaca village, Anenii Noi district, 10 Mihai

Eminescu Street, Tel.: +373 265 47 600, E-Mail:

consiliulbulboaca@mail.ru

#### Type or sector of activity:

- Promoting the general interests and solving the problems of the local collectivities of the administrative-territorial units;
- Public administration in the administrative-territorial unit on the principles of local autonomy, decentralization of public services, eligibility of local public authorities and consultation of citizens on local issues of special interest.
- Administration of local public affairs through decision-making, organizational, managerial and financial autonomy, under the conditions of the law and within the limits of the administered territory.
