Subject: Appreciation for the Successful Development of ANSA's New Website

Date: 02.12.2024

Dear Mr. Adrian Filat,

On behalf of GIZ Moldova, I would like to express our sincere gratitude and appreciation for the outstanding work of PNA Software SRL in developing the new website for the National Food Safety Agency (ANSA) at www.ansa.gov.md.

From the inception of this project, your team demonstrated exceptional professionalism, technical expertise, and a profound commitment to quality. The website's design and functionality not only align perfectly with the requirements outlined but also exceed expectations in terms of user-friendliness, accessibility, and visual appeal.

We are particularly impressed by your attention to detail and the thorough testing process that ensured a flawless user experience. Moreover, the project was delivered within the agreed timeline, reflecting your dedication to meeting deadlines without compromising on quality.

Your ability to collaborate seamlessly with all stakeholders and incorporate feedback into the final product was instrumental in achieving this success. The result is a website that stands as a testament to your team's capabilities and reinforces ANSA's role as a trusted institution for food safety in Moldova.

Once again, thank you for your hard work and exceptional contribution to this important endeavour.

Sincerely,

Serghei Ghetiu
