

## Workstation racks for cryogenic vials

PP

A universal locking system locks the vials in each well, so you can easily unscrew them with one hand.

- Alphanumeric identification of each well
- Strong handles make it easy and safe to carry
- Supported by five anti-slip rubber feet, stackable

For (ml)	No. of holes	WxDxH (mm)	Colour	Pk	Cat. No.
1 - 5	50 (5x10)	205x103x26	Purple	4	479-0803

## Cryoboxes

PC, autoclavable

Can be used from -190 to +121 °C.

- Transparent cover with numeric grid and key to prevent misalignment
- Coloured grid or base
