Letter of Appreciation for the Implementation of the Stâncile Prutului Project

On behalf of the Terra Humana Foundation in Warsaw, we would like to express our gratitude to OLTIME SRL (operating under the ALLTIME brand) for developing and successfully implementing the [www.stancileprutului.md](http://www.stancileprutului.md) tourism portal project, which aims to promote eco-tourism in northern Moldova.

The project, implemented between 2021 and 2023, was of great importance for the development of regional tourism and required a comprehensive approach, a thorough understanding of the local context, and close cooperation with local communities. The ALLTIME team, in cooperation with the foundation, demonstrated a high level of professionalism, responsibility and strategic thinking.

We would like to highlight the personal involvement of the company's managing director, Timur Efremov. In addition to overseeing the overall concept of the portal project, he personally visited most of the participating villages, established direct contact with local residents and community representatives, and actively contributed to the collection of content, editing of texts, and photography for the portal. His personal involvement and commitment were key factors in creating an authentic, rich and engaging tourism resource.

As a result, a modern, informative, and attractive online platform was created, appealing to both international and domestic tourists, making a measurable contribution to promoting the potential of the Stâncile Prutului tourist route and northern Moldova.

**Terra Humana** highly recommends **OLTIME SRL (ALLTIME)** as a reliable and competent partner for the implementation of projects in the fields of tourism, regional development, and cultural promotion.

Yours sincerely,

Justyna Bittel

Chairman of the Board of the Terra Humana Foundation
