

Technical data sheet

CT-1 Centrifuge tube 50ml (FALCON)

CT-1 Centrifuge tube 50ml (FALCON)	
Spec	50ml centrifuge tube with conical bottom
Material	Autoclavable polypropylene
Volume	50ml
Pack	50 pcs/bag
Advantage	1. Printed writable area on the tube 2. Wide temperature range: -80°C - +141°C 3. Suitable for daily centrifugation and storage need, especially for clinical and research applications, including culture media, buffers and antibodies.
