EC Directive 89/686/EEC

EC Type-examination

Issue 1.

PPE Product

PS (logo) RG series frames, fitted with X-ray radiation filtering lead glass lenses, with a lead equivalence of 0.75mm Pb at 150 kV;
PS (logo) RG-75SS series frames, fitted with X-ray radiation filtering lead glass lenses, and side shields, both with a lead equivalence of 0.75mm Pb at 150 kV;
PS (logo) RG-50SS series frames, fitted with X-ray radiation filtering lead glass lenses, with a lead equivalence of 0.75mm Pb at 150 kV, and side shields with a lead equivalence of 0.50mm Pb at 150 kV;
PS (logo) RG50 series frames, fitted with X-ray radiation filtering lead glass lenses, with a lead equivalence of 0.50mm Pb at 150 kV;
PS (logo) RG50-50SS series frames, fitted with X-ray radiation filtering lead glass lenses, and side shields, both with a lead equivalence of 0.50mm Pb at 150 kV.

The frames are available in a variety of designs and colours, which have no bearing on the protection offered.

The following lens options are available for each frame: Plano (no suffix code), Single vision prescription (suffix: -SV), Bifocal (suffix: -FT-28) & Progressive (-PROG).

Lens coatings available are: Fog-Free (-FF) & Anti-reflective (-AR).

It is certified that the manufacturer's technical file and the above mentioned PPE have been assessed and found to be in accordance with the requirements of Council Directive 89/686/EEC. When examined the PPE satisfied the relevant requirements in the manufacturer's technical specification¹ based on (based on EN 61331-3:2014(Protective devices against diagnostic medical X-radiation – Part 3: Protective clothing and protective devices for gonads.) and on testing to EN 61331-1:2014 plus guidance notes) which had been previously assessed and deemed to meet the basic health and safety requirements (Annex II) of the Directive.

Certificate GB17/873435, continued

Phillips Safety Products, Inc.

EC Directive 89/686/EEC EC Type-examination

Issue 1.

The manufacturer's information notice (Appendix 5 User Guide Insert) in English, has been inspected and found to have addressed all of the relevant requirements of the Directive (Annex II, 1.4). However, the detailed content of the information notice is the responsibility of the manufacturer, as are translations into other languages.

This certificate is issued on the strict condition that appropriate checks on manufactured PPE, as detailed in Article 11 of the Directive are implemented and maintained while the model is in production.

Certification is based on technical file Radiation Reducing Eyewear dated 4/12/2017
SGS Reference Number UK/CRS 222428.

¹ The validity of this certificate may have to be reviewed in the light of new or amended harmonized standards.

This certificate remains the property of SGS United Kingdom Ltd to whom it must be returned on request.
