New Keeler Loupe Light

The New Keeler Loupe Light is one of the smallest and lightest available today. The LED illumination gives 34000 Lux of homogenous white light, ideal for both surgical and dental use, while coaxial illumination ensures shadow free viewing.

An optional yellow filter avoids the premature hardening of composites whilst power is provided by a Lithium-ion battery which will give up to 4 hours continuous use before a recharge is required.

Designed for comfort

Choose between the Keeler Sport frame or a headband mounted system to mount your loupes. Adaptable to all prescriptions.
