

Model	Grundfos cod	Product	Qmin.	Qmax.	Pmax bar	Material
DDC-AR-15-4(*)	97721504	Dosing pump	0,015l/h	15l/h	4 bar	PVC/EPDM

Setting range: 1:1000

Accuracy of repeatability: $\pm 1\%$

Medium temperature: -10 to +45 °C

Supply voltage: 1 x 110 – 240 VAC, 50 Hz, IP65

1,5 m cable with EU (Schuko) plug

Max. suction lift (operating): 6 m

includes complete installation kit composed by:

1. 2 pumps connections (Hose 5/8 mm)
2. Foot Valve (without level switch)
3. Injection unit
4. 6m PE discharge hose
5. 2m PVC suction hose
6. 2m PVC deaeration hose (4/6 mm)

Operation modes

Manual speed control

Pulse control in ml/pulse

Analog control 0/4-20 mA

Inputs / outputs

Input for external stop

Input for pulse control (for external water meter)

Input for analog 0/4-20 mA control

Input for low-level signal

Input for empty tank signal

Output relay (2 relays)
